**County** Elbert

**City** Elizabeth

**Animal Weight (in Pounds)** 275

**EAR TAG#** 846

**Breed** Cross

**Sex** Gilt

### **Description**

Hello, my name is Azariah Smith. I am in my fourth year in 4-H. This is my fourth year in the swine project. I also participate in dairy, .22 rifle, archery, muzzleloader, .22 pistol, leathercraft, rocketry, robotics, and heritage arts. This year for my swine project, I chose two gilts. I named them Annie and Oakley after I did a school report on the famous Annie Oakley. Annie and Oakley have done well. Oakley eats faster, and I have had to slow her down a little bit to keep her from getting too large. Annie has a lot of hair to manage, and she loves to roll in the dirt after I give her a bath. My biggest challenge has been to try to get their skin soft. They are dirt digging machines, and the dirt makes them dry despite my constant supply of lotion. Oakley was a bit afraid of

me at the start, but now she is sweet and friendly. I am looking forward to showing her at the fair. If you get the chance to come and see my pigs and me at the fair, you will find me either at the dairy barn taking care of my sweet heifer, Blossom, or at the pig barn laying down with Annie and Oakley.

**Quantity:** 275
