Short Description Yellow steer named Peaches

City Kiowa

Breed Charlois cross

Description

This is Peaches. He loves to be scratched and will playfully push you around. I purchased him in September of 2024 and have been exhibiting him at various shows. We attended the National Western Stock Show where I was able to educate many visitors on 4-H, showing animals and other aspects of agriculture. This year I have learned how to feed my steer the right grain that would help him to grow and fill out. I have also learned to be be patient with my steer when I am working with him. Peaches has been fun to show and a great addition to our herd.

Quantity: 1304
