Validation Tag or Show reference# 23392

County San Joaquin

City Lodi

Type of Sale Terminal - Buyer Gets Project at High Bid

Description

Hi, my name is Nathan Blagg. I am ten years old and in Tokay Colony 4-H Club. This is my second year raising a dairy replacement heifer for San Joaquin AgFest. Due to COVID-19, this years' experience was a lot different. We have not been able to have 4-H meetings this spring and we did not get to show in person. While being stuck at home, I have had a lot of time to feed, walk, brush, and care for my heifer. She is very friendly and comes running when I call her name.

I named my heifer Clover. I bought her from Van Exel Dairy in Lodi. Clover was born on July 12, 2018. Her sire is Car-J Brokasa Delight. She is bred to Blumenfeld Imperial and is due to have her calf on July 23rd. In her best 305-Day ME, her dam (#17415) produced 41,900 lbs of milk and 1588 lbs fat. Clover placed third in the 4-H Replacement Heifer show.

I understand that not everyone can purchase a dairy heifer, but I would appreciate any support you can give.
