### **Description**

My names Kodi Monks and I have shown lambs for 7 years. This year I have five lambs and Gizmo is one of my three wethers. Gizmo has always been my special lamb. He's not as fast to learning but still fun to work with. He keeps me and my family entertained. When we first brought him home his head was brown and white and he had marks like Gizmo from the Gremlins movie. He has always been really white featured and a stud of a lamb. With all of the hard work that Gizmo and I put in this summer he was awarded Grand Champion Market Lamb at the 2025 Elbert County Fair.

Quantity: 1
