**Validation Tag or Show reference#** 256

**EAR TAG#** 256

**County** Elbert

**City** Elbert

**Animal Weight (in Pounds)** 133

**Sex** Wether

### **Description**

My name is Jaceen Zion. My sixth year of 4-H has been very fun. My projects this year are market lamb and food and nutrition. I will be a freshman next year at Elbert High School. I am nervous, but looking forward to all the new experiences high school can bring. I am especially excited to join Elbert FFA in the fall. This is a great program, like 4-H, that allows me to celebrate my agricultural roots and give back to my community. I really enjoyed my lamb this summer. Tidy Whitey was a great growing lamb. His big frame filled in quickly, and he gained muscle mass faster than any other lamb I've had. His temperament was the best. It only took 2 days to have him halter-broke completely. Within one night of working on bracing, he had it down. I enjoyed evening walks and show ring practices. The best part of all of it is the special time our family spends together working our lambs together.

**Quantity: 1**
