FFA Chapter or 4H Club Name High Plains

Short Description Market Wether

EAR TAG# 257

County Elbert

City Elbert

Animal Weight (in Pounds) 109

Show Placing 2nd

Sex Wether

Description

I am excited to share with you all the fun I have had this summer participating in my fourth year of 4-H. The projects I took this year are market sheep and food preservation. I have loved doing all of my projects this year, but my favorite was my Market Sheep. I like getting up early in the morning before the sun comes up to work with my sheep before the day gets hot. I named my sheep Pedro because he is my buddy, and we have grown to love each other. I am going to be a sixth grader at Elbert this fall. I am looking forward to participating in sports this year and being able to do all the fun things that secondary students get to do. 4-H is very important to me because it is a great program to teach the world about where their food comes from. I have helped raise animals, work cattle, and farm at my Grandma and Papa's farm and ranch since I was born. My entire family has always taught me the importance of knowing how to grow my own food, how to work hard, and most of all, how to be a good

person. Working with my lambs in the summer reminds me of all of these important lessons every day. I was very fortunate to have a great lamb that halter broke and learned to brace quickly. He was a great eater and never shied from water. I worked hard to make sure he was happy and well taken care of all summer.
