Date of Reported Weight 06/01/2020

Description

Hi my name is Logan Fontes, I am nineteen years old and I am a senior at Buhach Colony High School that just graduated this year. This is my fourth year showing for FFA and my fourth time showing a market goat. I have raised market goats and we seed them also at my own ranch. I have been raising goats for six years now. I have learned a lot during my FFA years. I have already raised three market animals and I am showing this one as my fourth one. The one that I am showing this year is named Blaze. Not only though all my years of goats would be easy but, it has taught me self-discipline and responsibility. During these years it has taught me how to feed, groom, keeping a record, budgeting for the costs and training my show projects.
