Description

Hi, my name is Audrey Siria and this is my first year raising market lambs. I have invested a lot of time and effort working with my lamb to make sure he is in good health and proper care. This project has taught me many good life skills such as time management and being held responsible for another living animal. My lamb as of May 28th weighs 120 lbs and I have spent approximately \$700 on my project. I take good care of him every morning and night with the help of my species advisor as well as other exhibitors that are also raising market lambs. I greatly appreciate your support with me and my lamb. I will be using the funds towards college and whatever the future brings me. Thank you so much!
