Description

Miss Tub has been great to work with. She is a cross breed. Nice to take walks in the evening when things are so peaceful. Watched many of sunsets with her. Took long walks in the pasture. She helped train our dog Ruckas to behave. That took some time for him to learn not to enter the pin. He stayed out and layed by the gate. Shut her in barn every night so coyotes wouldn't get her. Keep her safe like a good Shepard. This is my second year showing sheep. Have learned alot with the help of my sister. Eli
