County San Joaquin

City Ripon

Animal Weight (in Pounds) 239

Date of Reported Weight 05/19/2020

Description

I am Shay Cunningham. I am 15 years old and I am apart of the Ripon FFA chapter. I am involved in this project becuse I am interested in agricultural sciences, food sciences, and large animal medicine. For the past five months I have been feeding, cleaning, and taking care of my pig to the best of my abilities, in hopes of selling it at fair. This project is important to me because one day I plan on becoming a large animal veterinarian, and this project expands my horizen in the feild of animal care. This year my pig won reserve champion, and I am very proud becuse it shows all my hard work payed off. There are two ways you can help with my project. You can bid on my animal at auction, or you can donate to my project by adding onto the purchase price which offsets the costs of purchasing the hog, buying feed, insurance,and paying for fair entry. I appreciate any help and thank you for taking the time to consider my project.
