Validation Tag or Show reference# 340

County Linden

Animal Weight (in Pounds) 1230 lbs

Date of Reported Weight 05/28/2020

City Linden

Description

Hi my name is James Boysen and this is my third year showing Market Steers. My steer's name is Tank and he weighs about 1230 lbs. Tank is a Black Angus Cross. I got Tank in Burt, Iowa on GPS Cattle's online sale, which was around the middle of October or beginning of November. This year I didn't go to any jackpot shows, but I feel that my steer would have done well because of his big bone in his legs and the depth in his body. What I have learned from raising a Market Steer, is that you cannot get frustrated because that anger can be sensed by your steer and then your steer will not be nice to you. Please bid on Tank! He is great!
