Description

My lovely lamb, Beetle has been such a pleasure to raise and train. This is my first year raising a lamb for my SAE project and although it has been a journey I am so proud with the amount of improvement I've seen in my lamb and myself as a FFA member. Since I received him back in early March, I've been doing my absolute best to go out to my school's farm to feed and train him anywhere from two to four times a week. I absolutely adore Beetle, he has definitely provided me with something to work for and look forward to in midst of these difficult and unsure times. I am very sad to see him go but I'm also thankful for the memories and experience I've gained from this entire process; I'm hoping to continue to pursue my love of raising lambs within the future!
