Validation Tag or Show reference# 8223

County San Joaquin

City Lodi

Animal Weight (in Pounds) 106

Date of Reported Weight 05/29/2020

Description

I am 10 years old and I have raised a market sheep named Maple. This year is the first time I have raised a sheep. I worked hard to learn how to properly feed, groom, and show my lamb. I had to monitor how her feed slowly increased, how to hold her tightly as she recieved her shots, and how to turn woolly little ball into a nice looking show lamb using sheers. This has been a great learning experience and I hope to be able to do it again next year. Thank you for considering helping my project by signing up to be a buyer for San Joaquin County AgFest. I appreciate your support!
