City Escalon

Type of Sale Terminal - Buyer Gets Project at High Bid

Description

Dear Friend,

Hello! I am writing you this letter to tell you about myself and my 4-H Replacement Heifer. My name is Haylee Castro. I am in 9th grade at Escalon High School. I am a member of the Escalon 4-H and involved in FFA. I am currently Treasurer of Escalon 4-H, where I have been a member for the past six years. I would also like to invite you to the 2020 Ag-Fest Virtual Auction.

I chose to show Dairy because of my passion and love for cows. I have always enjoyed the time when I get to be out at the Dairy. My Dads family used to have a dairy out in Escalon, Ca and this is time that we have got to share together. My dad has helped me learn so many things: halter breaking, clipping, feeding. Also, what I enjoy the most is the showmanship aspect. It is one thing to break and train my animal, but when we

work as one in the ring is the real reward. So far, the best that I have placed is third in show. I hope one day to be first!

This year my Replacement Heifer is a black and white Holstein. I have put in many hours with this animal. She has helped me be a better showman. Not every day had been easy, in fact most days are challenging. She is a "wild" animal. The moment when it all comes together is special. She is a beautiful heifer. This year I was the one that got to pick her. So, I can say that I have done it all myself from start to finish with small amounts of help here and there.

In the past I have one reserve supreme replacement heifer with other projects. It is always fun and a bit thrilling when we are at fair for a live show. Unfortunately, this year under certain circumstances Ag-Fest will be having a "Virtual" show. I am hoping to secure a buyer for my Replacement Heifer.
