### **Description**

My name is Brooke Burris and I am 16 years old. This is my 5th year doing market swine and it has been a huge character building experience. I'm planning on going to medical school once I graduate high school and the market sale is one of the ways that I am saving money to go to college. This year has been a bit of a challenge with raising our pigs this year, but I am glad to have made it to fair with my pig making good weight.
