## **Description**

Hello! My name is Lily Hayes and this is my second year showing market goats. I am fifteen years old and going into my sophomore year of high school. I purchased my goat in March, and his name is Rigatoni! He is one of the friendliest goats I have ever had, and he keeps me on my toes with his playful personality. He has put on a lot of muscle over these last few months, and I am excited to show him. Hope to see you at the sale!

At the market show, I got 2nd in my weight class!
