### **Description**

Hi my name is Luke De Jong, this is my first year doing swine and my second year in 4-H. This is my pig Blossom, she has been a pretty easy going pig. I have been feeding her purina show feed 819 and watering her daily to get her to a healthy market ready weight for you to purchase her. I also have been taking her on walks and she loves to play in the mud. I received second in my market class which I was thrilled with.

**Quantity:** 1
