Description

Hi, My name is Dalton Hudgins. I am 13 years old and this is my 5th year in 4-H and showing Market Swine. I enjoy working with my pigs and learning their personalities. This year I have been really working with their feed protocol to try and get a better body composition. I have 2 pigs this year which has been much easier to work with since my brother is no longer showing. Their names are Pork and Beans. Working with pigs has really helped me learn responsibility and being consistent in their care.

If I qualify for the Market Sale this year, there are a few ways you can support me. During the sale, you can bid on my animal, and if you are the winning bid, you will have

a freezer full of some amazing homegrown pork. You can also do an add-on if you don't want to buy a whole pig. Any amount of money can be done as an Add-on. The money I walk away with will go towards my next year animals and their care, and possibly a new bicycle. The Sale is on Saturday, August 2, starting at 1 pm.

Outside of 4-H I enjoy riding bicycles, riding dirtbikes, camping, hiking, watching and playing football, Go BRONCOS!!! I also really enjoy baseball and I am a big Rockies fan.

If you are at the Elbert County Fair this year, Come and find me so I can show you and tell you about my pig project in person. I would love to meet you.

Quantity: 230
