### **Description**

Meet Jokic—my barrow and a true rock star, just like his namesake, Nikola Jokić.

Over the past five months, I have worked to raise a well-rounded, healthy, and happy pig. Jokic was kept in excellent condition, regularly exercised, and fed only the highest quality Lindner feed—with no supplements and a consistent deworming schedule.

He's strong, sound, and finished beautifully. I'm confident Jokic will not only meet but exceed your expectations in both quality and flavor. Thank you for supporting

responsible and intentional livestock care. I know you'll enjoy him just as much as I've enjoyed raising him!
