Description

My name is Matthew Schossow and this is my 6th year in 4H. I've shown rabbits and chickens and this will be my first year showing market turkeys. I really enjoyed my project and I liked that the turkeys were cleaner than my market chickens last year. They were also easier to keep healthy. I like that they are friendly and pretty calm birds.

My hobbies are airsoft, riding bikes and I like working on engines, especially my lawn mower. I would love to ride dirt bikes when I'm a little older.

I'm excited for the auction this year. Thanks for your time!
