Description

My name is Ashton and this is my 4th year in 4H. This big beautiful steer is Jimmy. He was born on my neighbors ranch and I brought him home to our ranch when he was a few months old and have been caring for him ever since. He has one of the best personalities of any steer I have had and is always making everyone laugh with his silly antics. His favorite thing to do is pick up the hose and throw it out when I am trying to fill his water tank. I am very proud of how he turned out this year and am excited to show him at the Elbert county fair. I am hoping that he does well enough that I can continue with 4H next year for my final year. Thank you for all the support!
