### **Description**

Meet Timmy, a steer with a story that makes him stand out from the rest. When I first got him, he was just a little guy—undersized and quiet—but I saw potential in him. It took a lot of early mornings, late nights, and dedication to get him where he is now. I poured time, care, and quality feed into helping Timmy grow, and he didn't let me down. He made weight, and built solid muscle with a good temperament to match. If you're looking for a steer raised with heart and hard work, Timmy's the one.
