FFA Chapter or 4H Club Name Linden FFA

Validation Tag or Show reference# 535

County San Joaquin

City Linden

Animal Weight (in Pounds) 251

Date of Reported Weight 05/23/2020

Description

This is Tiny she is a crossbred hog. She has been the nicest hog I have ever raised. This is my 6th year raising market swine. I currently have invested \$1400 into this project. I am hoping to make a profit that way I can continue to do FFA next year and add to my college fund. I am very disappointed that we had to go virtual, but it has made me learn how to adapt in difficult situations. It was challenging trying to video a hog to do exactly what you wanted in under a minute. She has had to be restricted from free feeding that way she won't be over the weight limit at drop off, so she was a little temperamental. Tiny loves to eat, I feed nothing but ShowRite Hog Feed. She loves baths, playing in the backyard and being sprayed with the water hose. Pigs are actually very clean animals, something I never thought to be true until raising them. This year I learned that gilts are a little different then barrows. This is my first year raising a gilt. I always love raising my hogs and I always hate the goodbyes but hopefully I will be able to make a profit which in turn makes it worth doing. I am hoping to go to school to

become a Veterinarian I would like to have a large ranch when I grow up as well, with all kinds of animals. I thank you for reading my bio and taking the time to look and or bid on my hog! I thank everyone who has supported me through this year as well as all those that have supported me through all my years in 4H and FFA.
