FFA Chapter or 4H Club Name Escalon FFA

Validation Tag or Show reference# 8369

County San Joaquin

City Escalon

Animal Weight (in Pounds) 93

Date of Reported Weight 05/27/2020

Description

This year will mark my seventh year showing animals at AgFest. For the first two years I was showing turkeys and then I switched over to market goats. Showing market goats was definitely a big change from showing turkeys and has required much more time and attention. My time and effort produced great results! In 2016, I won 4-H champion and supreme champion for market goats. In 2017, I was 4-H reserve Champion for market goats and first place showmanship for my class. In 2018, I won first place for FFA Greenhand showmanship, moved up and placed third for advanced FFA showmanship. Working with goats has taught me many important skills which can be used in the many aspects of life. These skills include responsibility, time management, teamwork and a lot of patience. This year my goat "Ripper" weighs in at 93 pounds and has ear tag number 8369. The best features of my market goat are his rack shape and uniform look from the side. I'm proud to present him for AgFest 2020.
