Description

Hey Buyers!! This year I raised a boer goat named Happy. I bought him from Radiant Reds in march, with the money I made the year before at fair. This year all exhibitors faced a large challenge but we never stopped working hard with our animals. My goal is to be able to buy and raise my animal with my own money. I hope you can help me with my goal of being able to buy and raise my own animal once again.

Quantity: 1
