**Animal Weight (in Pounds)** 252

**Date of Reported Weight** 05/30/2020

### **Description**

Hello, meet Beast Mode, A.K.A Piggy Bigs, A.K.A Big Guy. His favorite color is the color of food. His favorite hobby is eating. His favorite food is... pretty much anything. He enjoys long slow walks in the countryside and loves to treat himself to a nice big mud bath.

My name is Bryce Vallee and I have had the pleasure of raising and working with Beast Mode. I am 12 years old and am a sixth-grader at Colony Oak Elementary School in Ripon. I am part of the Farmington 4-H group, and this is my third year as part of the swine group.

I really enjoy showing pigs and was disappointed I did not get to compete in person. I learned a lot this year about nutrition because Beast Mode was a fast grower, so I was always having to adjust to his weight gain.

I hope you choose to bid on my pig. I think you'll find that he will fill your freezer with tasty meat! Thank you for your time and don't forget to bid up in increments of 100! :)

**Quantity: 1**
