Description

Nash is my Hampshire hog that I bought from Bob May Livestock in February when she was approximately 2 months old. This my first year doing a swine project and I never thought I would learn how much I did in the past couple of months. Working with her I have learned how to properly feed and work a show hog for fair. I have also learned what signs to look out for when your animal starts to become sick and how to be able to treat certain symptoms. Now that Nash is about 6 months old her personality has shown a lot through this project. She is always being vocal about what we are doing whether shes receiving belly scratches in the wash rack after a bath or attempting to walk throughout the orchard to get her daily exercise.
