County Merced

City Merced

Animal Weight (in Pounds) 280

Date of Reported Weight 06/17/2020

Description

Meet my pig "Bacon Bites"! This is my 4th swine project and even though this has been a very challenging year with Covid-19, the cancellation of the fair, and all the school/ life adjustments, this has been a VERY POSITIVE experience for me!

My pig is a crossbred and was purchased through my own savings from pervious projects in February. She is fresh and will be at her desired market weight of 265-280 by June 17th. I believe this was my most successful year as I gained confidence in working and walking my pig daily. I learned the importance of responsibilty and the positive results of "hard work". I also learned that it is not necessarily the situation, but how one responds to the situation, and through all the challenges/changes with school, the fair, and "life" in general, raising my pig was a very positive experience during challenging times and A LOT OF FUN!

Thank you for your interest and consideration of supporting me and my project!
