FFA Chapter or 4H Club Name Merced FFA

Validation Tag or Show reference# 1645

County Merced

City Merced

Animal Weight (in Pounds) 122

Date of Reported Weight 05/31/2020

Description

Dear Potential Buyers,

Hi my name is Analise Gallaway, I am a freshman at Merced Highschool and I am 15 years old. This is my first year in FFA, and so far it's been very fun. I got to be a part of the Greenhand opening and closing ceremonies. I am also involved in colorguard, girl scouts and a lot of other after school activities. This will be my first year showing a Suffolk market lamb. I got my lamb on January 30, 2020 and have been working really hard to make him chubby. I was really excited to show at the fair this year since it is my first year showing but due to Covid-19 it's going to be virtual. My lambs name is Nugget because of his personality and his chunky thighs. He is a very cuddle forward lamb and loves to always be touching you. I have had the best time raising Nugget in

hopes to raise another one next year. My lamb eats High noon and has all his nutrients to make him chunky. He weighs about 123 pounds and hopefully gets up to about 135 by fair. The way I found out about FFA was through my older sister because she has already shown a lamb. I have watched my older sister do this her sophomore year of highschool. I was always with her when she worked with her lamb her first year, so I already kinda had experience with showing but I wanted to show my own lamb so I thought this year would be great. This year has been a great experience for me when showing a lamb and how to take care of a show lamb. As shown the fair will be online and I am happy that the fair is still going on even though we are in this pandemic. This project has been the best experience, I have learned a lot of responsibility and respect about the animals and how they are dealt with after the fair. I want to make sure that my lamb is perfect for any of the people who want to buy it. I have been working hard to make sure my animal is well taken care of and he has food, water, shelter, and training every day. I have prepared myself to show in front of a lot of people but now that is virtual I don't know what to think. I want the money to go towards next year's animal and money for college because I want to become a veterinarian but mostly towards next year's animal. I am contacting you in hopes that you will purchase Nugget at this year's Virtual Livestock Auction. If you don't find Nugget worth buying I would really appreciate it if you would at least give me a bid or a bump. I hope you love this year's Virtual Auction.
