City RIPON

Animal Weight (in Pounds) 133

Date of Reported Weight 06/01/2020

Description

Please meet my Suffolk Market Lamb, Lambeau. I purchased Lambeau from Morino Brother's Club Lambs in January when he weighed just 74 pounds. He now weighs 133 pounds and growing quickly as he loves to eat! He has also grown to enjoy our daily walks around the barn and now comes running when he see's me. This was my first year with a Market Lamb and I learned so many things. Lambeau has been such a fun and rewarding project for me and has taught me patience and determination. I have also learned how to weigh, ration feed and keep accurate records for my project, which is very important. Thank you so much to Ag Fest and my potential buyer for your support!

Quantity: 1
