## **Description**

my name is Madison Araiza, I am a junior at Pacheco FFA. This is my first year showing a market swine. This year I decided to challenge myself with showing three new species such as beef, breeding goats, and market swine. My swine project was especially fun, my animal would love to go on walks and runs with me and sure did love getting washed. This was a great learning experience for me, my experience will help me for my future career in ag education.
