**Description**

FFA Res GRAND CHAMPION

MARKET HOG

FFA CHAMPION CROSSBRED

MARKET HOG

"This year has been full of uncertainty, with my senior year getting cancelled and AgFest going virtual, but I never gave up on my projects or myself." -Katelin Bean

Hello, my name is Katelin Bean and I recently graduated in the Class of 2020 from East Union High School. I have been showing pigs, sheep, goats, and turkeys at AgFest/Fair for 9 years and have loved growing up in this industry. I purchased my market barrow and two other pigs in January and have been working very hard with them for the past 5 months. When I bought Milo, my barrow, he was just 52 pounds and has no doubt transformed into a beautiful market hog. I have spent many hard working hours training, walking, washing, and feeding him. I have purchased only the best feed for my hog and have carefully measured out every pound that I have given him. This year has been full of uncertainty, with my senior year getting cancelled and AgFest going virtual, but I never gave up on my projects or myself. I am excited for what the future holds for me as I begin my college career at Modesto Junior College to study Agricultural Animal Science. I greatly appreciate your support!
