### **Description**

My name is Houacua Xiong and this is my first year with Atwater FFA and raising a livestock project for the fair. I have a Hampshire market hog that was purchased back in February and kept at Arnold's Farm. I learned and gained so much valuable experience in responsibility and animal care. The project/opportunity of raising a market hog was something out of my element since I wanted to try something out of my comfort zone. It was a challenging schedule that I had to get used to, especially with the quarantine and situation with Covid-19. Although it was challenging to initially learn and take on the required responsibilities, I enjoyed the experience!
