**County** Merced

**City** Merced

**Animal Weight (in Pounds)** 270

**Date of Reported Weight** 06/17/2020

### **Description**

Hello! My name is Allison Hall and this is my 3rd year raising and exhibiting a swine project with Atwater FFA. My pig is a x-bred and I named him "Billy". I purchased him in early February. After many hours of walking, cleaning, and feeding him, I felt I managed to raise a great hog for this year's fair. Sadly, due to the circumstances, I did not get the opportunity to show him. Throughout this whole experience however, I have learned a lot. I learned that there's a lot more to showing hogs than just going to the fair. Every year I learn more about responsibility, accountability, and being a better showman. Therefore, although this might not be our typical showing year, I still appreciate the little things I got to experience along the way.

**Quantity:** 1
