FFA Chapter or 4H Club Name Golden Valley FFA

Validation Tag or Show reference# 568

County Merced

City Merced

Animal Weight (in Pounds) 280

Date of Reported Weight 05/29/2020

Description

Hi! My name is Alison Heupel. I'm a sophomore honor's student at Golden Valley High School. I've been blessed to grow up in an agricultural family and am learning a lot by working on the farm. 4-H and FFA give me the opportunity to develop leadership skills and community service in addition to my horse, lamb and hog projects. As a teen leader, it is truly rewarding to teach and help the younger members. I've also coordinated a multi-county fire relief project and a bicycle safety event for the community. Recently, I was elected as the 20-21 FFA Chapter Reporter for Golden Valley as well as the Merced-Mariposa Sectional Secretary. I'm thrilled to meet new people and learn firsthand what makes my community so great.

I have been raising and showing horses for seven years. They are my true passion but don't help me with my college savings. I've raised market lambs for four years. This is my first year raising a market hog. I've named him Chad and he is a well-built Yorkshire barrow. Yorkshires produce a high percentage of lean meat are known as an ideal bacon breed. He's been raised on a healthy

diet of all natural, high quality feed without any antibiotics and gets regular exercise. Just like my lambs in previous years, I take pride in caring for and raising the best quality possible.

I'm so appreciative of all the people who have worked to create this auction and the people who are participating to support 4-H and FFA members like me who challenge ourselves to learn new things. The profits I've received from my market lambs has helped me to build my college savings account, invest in the next year's market animal project and give donations to support others. I would greatly appreciate your consideration. Thank you!

Ali Heupel
