Validation Tag or Show reference# 564

County Merced

City Merced

Animal Weight (in Pounds) 252

Date of Reported Weight 05/29/2020

Description

Hello,

My name is Troy Tatum. I am a junior at Golden Valley this year. I didn't grow up in an agriculture based family. My dad did some work in agriculture but not much. I didn't really have a passion for agriculture until my freshman year. I have since been working hard in and out of the mechanics shop at school. This is my third year in Ag classes at Golden Valley. This is my second year showing an animal at the fair. However, I also do a lot of activities outside of agriculture. I wash silage trucks for Silva Bros. Custom Chopping. In my spare time I enjoy working on/ racing cars at the Merced Speedway.

I have been working very hard this year to get my market hog ready to go to the fair. The hog that I am selling in the auction this year is Chicharron or Chich for short. He is a well built cross barrow. As I have been working very hard I am upset at the fact that I won't be able to show him. However, I am thankful that there will be a sale this year. I hope that someone can enjoy Chich as much as I

did. I would greatly appreciate it if you could consider buying my hog. It would help me fix up my first car and enjoy my summer.

Troy Tatum
