FFA Chapter or 4H Club Name Jefferson 4H

Validation Tag or Show reference# 8436

County San Joaquin

City Tracy

Animal Weight (in Pounds) 62

Date of Reported Weight 05/23/2020

Description

Meet, Stewie, who placed 4th in his class. Stewie is a very interesting goat. If you're wondering why he is interesting, when we put him on the stand he screams and and it sounds like he is saying "Help!"

My name is, Isabella and I'm an active member of the Jefferson 4-H. This is my first year in 4-H and I joined so I could raise a market goat.

Since this was my first time working and raising livestock, I was worried about raising a healthy animal while making sure he would make weight for market. Throughout this project he did not gain weight as fast as I would have wanted him to. I had to pay more attention to his feed and sit with him while he ate. When I purchased Stewie on March 8, 2020 from Northcutt Livestock, he was 34 pounds. Our last official weight was on May 28, we were excited he made weight at 62 pounds.

I have spent a lot of hours bonding with Stewie, walking him daily and learning how to brace. Some days were more challenging than others, Stewie was stubborn sometimes and didn't want to work. We made it though and I am very happy with my accomplishment. It has been very rewarding to learn how to care for a livestock animal. I am looking forward to next year so I can enjoy the fair experience.

Stewie will be perfect for your Taco or Stew!

Any profit I make will be put towards my Ag loan from F&M bank.

I hope you will consider supporting me, THANK YOU!!
