Short Description Female bronze breasted turkey

Description

My name is James and this is my turkey, Edwinette. She was named this because when she was a baby, she grew up with boys and tried to strut around like them. But we soon found she was a girl after we named her Edwin because of her bubbly personality. We acquired her from 40 Mile. She has been very difficult for a turkey as when she was a baby she would try to get in with the ducks and unfortunately, got her neck degloved. This taught me a lot about caring for animals as we had spent countless days helping her recover.
