Date of Reported Weight 05/23/2020

City Escalon

Description

Hello :), my name is Vivian Borba...I just completed my junior year at Escalon High School...I am 16 years old and have been active in 4-H for 8 years! I currently hold the position as President for Escalon 4-H. This is my second year showing a Market Steer at AgFest. My steer's name is Lucifer. He's a sweet, gentle and loving steer that I purchased in December of 2019. His weight at that time was 650. I began feeding him on a diet of oat hay from our ranch, cobb mix from Escalon Feed and Supply, and a feed grain mix developed and marketed by Roland Pacheco. I increased (in pounds) his feed through his development and as of May 23rd, 2020, Lucifer weighed in at 1185lbs. I am expecting him to finish out between 1225 and 1250lbs.

I did not let our current situation with Covid19 stop my enthusiasm and commitment to my project. In fact, it actually increased my time, attention and appreciation for Lucifer. THANK YOU AgFest committee, members and volunteers for all your hard

work and determination to give San Joaquin AgFest exhibitors a 2020 show and auction we will never forget.

Your consideration in purchasing my market steer, Lucifer would be much appreciated. By doing so your putting honest to goodness quality beef in your freezer!:) Thank you!!:)
