**Animal Weight (in Pounds)** 130 lbs.

**Date of Reported Weight** 05/23/2020

### **Description**

Hello, my name is Shawn Warmerdam. Up for bid is my 4-H project lamb named Rammy. He is a 130 pound Hampshire lamb. Over the course of the last several months, I've worked hard at feeding him, shearing him, keeping him and his pen clean and taking him for walks. I have also worked hard practicing showmanship with him so he can become a very obedient, willing animal. Raising my lamb into a successful 4-H project has required much responsibility, hard work and dedication. Rammy has been fed premium alfalfa hay and sunlow lamb start to finish grain. His high quality feed, constant fresh water and exercise have contributed to making a very healthy, strong lamb. I truly appreciate all of the support I have received in the past and I am very thankful for any bids and support I received this year. Past buyers of my lambs have made my project very successful, and I thank each and every one of you for your time and support!
