**County** San Joaquin

**City** Lodi

**Animal Weight (in Pounds)** 3.3

**Date of Reported Weight** 05/30/2020

### **Description**

Hello, my name is Lucia Frederick and this is my rabbit, Gravy! I am a member of Live Oak 4-H club, but am participating in the rabbit project through Tokay Colony 4-H. I am 13 years old and just finished my 7<sup>th</sup> grade year at St. Anne's School. This is my 5<sup>th</sup> year participating in AgFest. I have raised market chickens and participated in the horticulture and floriculture projects in previous years. This year I tried something new and raised market rabbits! I also submitted entries for several horticulture and floriculture exhibits and entered a Poultry educational board on the topic of hatching chicks. I was excited to win Outstanding 4-H Horticulture Exhibitor this year!

I am very involved in my school and 4-H club, serving as the 2019-2020 Historian for Live Oak 4-H and the 2019-2020 Vice President for the St. Anne's student council. I am also a member of the Jr. AgFest Board, serving on the social media committee to keep members updated with current information and helping plan events to make AgFest a

great experience for all. Some of my favorite hobbies outside of 4-H include crafting, gardening and taking care of my animals.
