Description

It has been an exciting year raising my hog, Fete Sau, which means fat pig in German. I purchased her in February of this year and she has lived up to her name since she really likes to eat! Fete Sau even stands on the gate when she sees me coming to give her food. This beautiful Hampshire Crossbred gilt has been exercised and fed premium food and supplements. This year I have learned to persevere even given the Covid-19 crisis by taking the initiative through watching educational swine showmanship/nutrition videos online. I also monitored my hog's growth given the fact we could not weigh as often as last year. I was also able to learn about accounting and record keeping with my swine project. I spent \$825 between the cost of the animal, vet bills, food and supplies.. My hog placed 4th in his class. My brother and I had a lot of fun dressing up for the swine costume contest. We won first place as chefs and our pigs in a blanket!! I hope you will support my project and bid on my hog. Thanks!

Matthew
