Description

My pig's name is Violet because my sister Audrey who is three wanted her name to be purple so I gave in halfway and decided to name her Violet. I got my market hog on February 8, 2020, and she is considered a crossbreed. Some of the successes I had during my project was being able to get her trained early on so I just has to work on small things while walking her. Some of the things I learned is having patience and gaining the trust of my hog makes a huge difference in their training and performance.
