Description

Hello,

My name is Brianna Shelton, I am 17 years old I just finished my Junior year going on to my Senior year. This is my second year showing a market swine. Since February, I have been raising a male hamshire named Chubbs. I have spent many hours feeding, walking, grooming and caring for my pig. Showing an animal has continued to show me great responsibility and great work ethic. My Senior year I plan on taking Ag econ and also show yet another market animal. The support of myself, and my fellow livestock FFA member, is greatly appreciated. Your community involmnet and continued support makes a difference.

Thank you

Brianna Shelton
