Description

Hello, my name is Adriannah Salinas. I am 15 years old and currently a sophomore at Merced High. This is my second year showing market swine. Since early February, I have been raising a male Cross Hamp whom I've named Zazu. Many hours have been spent feeding, watering, grooming, and walking him. Raising my swine has taught me responsibility, hard work, and dedication. I plan to further my education in Agriculture by raising market swine my upcoming years in high school, as well as taking FFA leadership. The support of myself, and my fellow livestock FFA members, is greatly appreciated. Your community involvement makes a difference.

Thank you!
