**City** Merced

**Animal Weight (in Pounds)** 228

**Date of Reported Weight** 05/23/2020

### **Description**

Hi my name is Ryder and this is my first year showing. Meet my hampshire, her name is Oreo. When we first got her she weighed about 50lbs and the last time I weighed Oreo she was 228 I have learned a lot about Oreo 1. Oreo loves water when the flush runs down to her pen she always runs to it and lays and moves around alot in the water. 2. she likes to walk alot we reward her with some treats when she walks good. I have formed a really good bond with Oreo. Me and my other 4-H members go out to the pen twice a day to feed and walk our pigs. We all have woreked so so hard to get our pigs ready for the fair. At first my parents showed me how to clip Oreo and after I was able to clip her on my own. But it will take another year for me to learn how to clip the face because they move alot when it comes to there face.

**Quantity:** 1
