Validation Tag or Show reference# 677

County Merced

City Atwater

Animal Weight (in Pounds) 219

Date of Reported Weight 05/31/2020

Description

I am showing a Hampshire Barrow this year that I have named Riley. It is my second year showing a pig in 4H and I have learned so much from watching my older siblings show pigs for 4H in previous years. I learned that how important it is to spend time with your animal to help it to be a better listener when you are walking and showing it. I also learned techniques to help train it to keep it's head lifted as you walk it and to keep it between you and the judge to show off all sides of the animal. I have put in so much time and hard work into making Riley the best he could be and would greatly appreciate any support that I can get to help me with my animal project.
