City Stockton

Type of Sale Terminal - Buyer Gets Project at High Bid

Description

Hello, my name is Matthew Schallberger and I'm showing a Dairy Replacement Heifer. I purchased my heifer from New Hope Dairy in Elk Grove. This is my fourth year in 4H and I am apart of Alpine-Victor 4H Club. My heifer's name is Mighty and I have owned her since last year. I showed her in the summer yearling class at last year's Agfest. Mighty was bred on October 24, 2019 and is due July 24, 2020. Her service sire is S-S-I Montross Premium- ET and her sire is Lady's- Manor Sp Oak Growl- ET. My heifer's dam produces 28420 pounds of milk.

I have always enjoyed showing and raising dairy heifers. Growing up around my grandparent's farm has given me a chance to learn all of the responsibilities and so much more. I truly love taking my heifers to the Agfest because it is a fun experience and I get to see how I did choosing my heifer and how well I trained her when we show. Thank you for your time and I hope you can take a look at my heifer!
