Validation Tag or Show reference# 8475

County San Joaquin

City Lockeford

Animal Weight (in Pounds) 85

Date of Reported Weight 05/30/2020

Description

Hi! My name is Lauren Pinasco. I am 13 years old and just graduated 8th grade from First Baptist Christian School! I will be a freshman at St. Marys High School in the fall. I am part of the Tokay-Colony 4H club. This is my 5th year in 4H, and second year showing goats. This year, my goats name is Napoleon. He is a weather borer goat. It has been fun watching all the funny things my goat has learned to do over the past few months. He loves climbing on top of things in his pen, or being the first to run in the barn to eat. I have also learned a lot between virtual learning and how to show in a virtual fair. it's been a new experience and definitely one I won't forget! I miss being at the actual county fair, and can't wait for next years shows! Thank you for stopping by my page!
