Validation Tag or Show reference# 524

County San Joaquin

City Manteca

Animal Weight (in Pounds) 249

Date of Reported Weight 05/28/2020

Description

Hello My name is Joshua Flores im 19 and currently attending San joaquin Delta College for Ag Education! I have been showing animals since my 8th grade year. Starting with one and then moving my way up to two per year! I have always enjoyed showing animals even though i never grew up with it in my life. Every year I look forward to going to the fair and showing while gaining that experience but with everything that is happening it sadly can't happen, but I am so thankful for this opportunity I have right here. I'm so glad I got to participate in my first virtual auction and fair this year. I do have to say it has been a journey straight from the beginning. Once I found out that we were doing a virtual fair a huge weight was brought off of my shoulders. That i didn't have to wear a full showing uniform in a 110 degree weather! Score!! But i truly think that this needed to happen. Seeing my friends and families come together really shows you what this is all about and I love that. It reminded me why i started in the first place and continue to go through this journey! I'm saddened that it will be my last year showing but I know that all 6 years have truly impacted my life for the better and I can't wait to see it from an advisor's perspective in my coming years!

Thank you,

Josh Flores
